

# Beyond Those Waves

*Vasanthi Vasudev*

What lies behind,  
What is yonder...  
Those dark,dark waves  
That roll,to roll...  
Surging, searching...  
Seeking?  
What awaits those "new"  
Virgin shores?

Silver sands that burst  
With baskets of pearly shells?

Moody swamps that cradle  
Rainbow drops?

Serene winds that curl  
Pacing whirling waters?

Moist foot holds  
Of "Strange friends"  
Echoing dreamy steps?

Crabs and turtles holding court  
To engrave  
Fleeing moments  
On craggy creeks?  
Cageless birds,  
Caged in love?

Billowing skirts, whispering winds

Musical lights, sunny nights?

Fairy feet

Gaspings breath

Tinkling eyes

Smiling smiles?

Movement, momentum

Freedom, joy?

What lies beyond

Those dark, dark waves?
