

# When a Friend Becomes a Wife

*Vasanthi Vasudev*

When a friend becomes a wife  
What difference it does make to life!

A friend  
Is there when there's a need.....

A Wife  
Is there for every need!

A Friend  
Cares for you,

A Wife  
Lives for you!

A friend  
Looks for you

A Wife  
Looks up to you!

A Friend  
Is full of faith

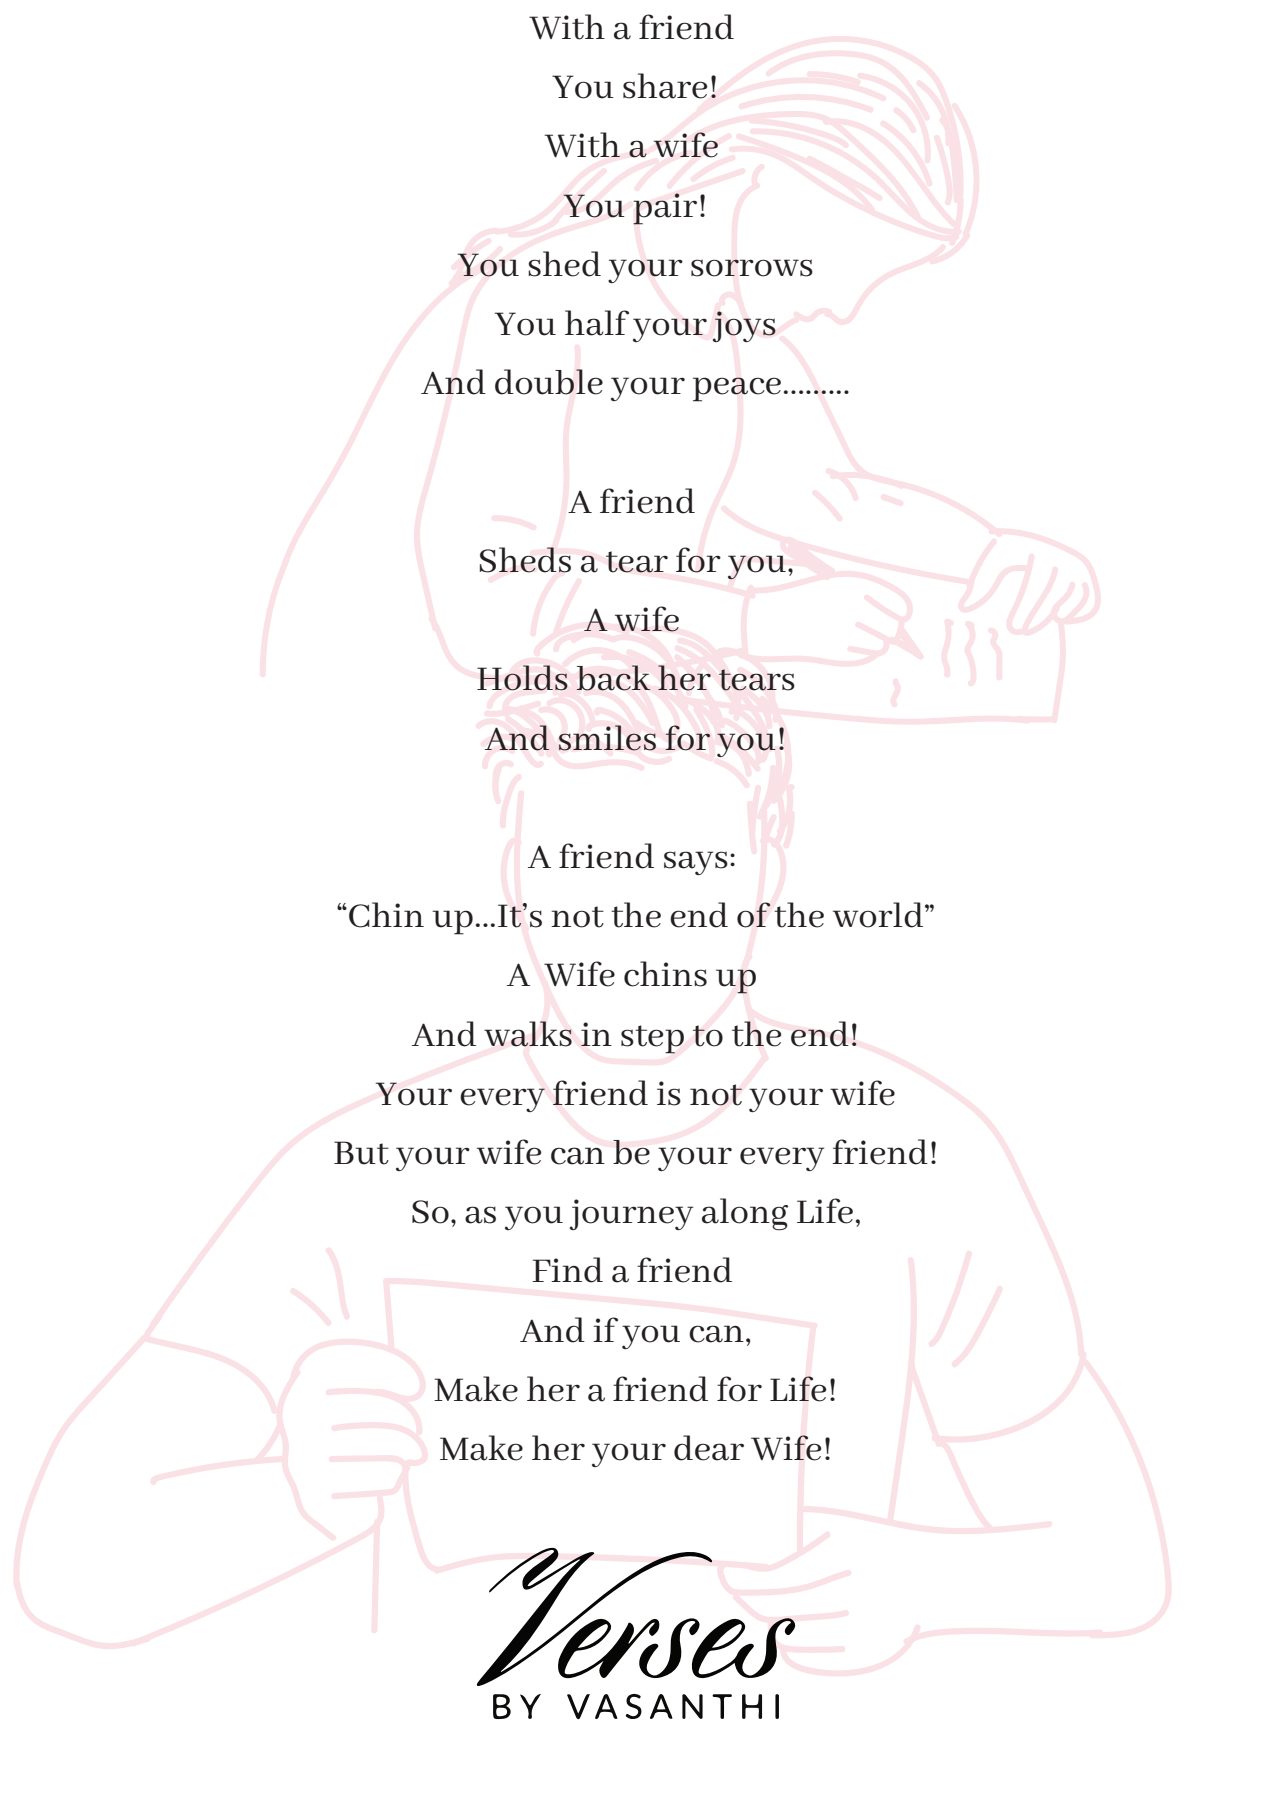

To a Wife  
You're her every faith.

A friend  
Sends you a gift,

A Wife  
Gives her all

As a gift!

With a friend  
You share!  
With a wife  
You pair!  
You shed your sorrows  
You half your joys  
And double your peace.....

A friend  
Sheds a tear for you,  
A wife  
Holds back her tears  
And smiles for you!

A friend says:  
“Chin up...It’s not the end of the world”  
A Wife chins up  
And walks in step to the end!  
Your every friend is not your wife  
But your wife can be your every friend!

So, as you journey along Life,  
Find a friend  
And if you can,  
Make her a friend for Life!  
Make her your dear Wife!
