

Letting Go

Vasanthi Vasudev

I stood for long
On the sketchy
Threshold
Hoping against hope
To light the
Lamp of my
Warmth... to fill
Your hearth..

Now it's time
Time to turn away
To go away ...
Forever...
So, I send you
Flowers, many
To greet and bid
Good wishes..
To fill your space
With their colour
And fresh faces..

In time,
They will fade away,
Fade and die
Taking with them
Memories, many
And, every memory
Must,
As we all will.

Die...

But till then
Wait a little...
Let them smile
A brief smile, at least
In your breath.
Let them be
For some fleeting moments
Still..

While I let go
And go away ...
Letting it all go,
Go away!
